OBJECTIVE

I am a student at CHARUSAT University in Anand, where I'm pursuing a B. Tech in IT right now. My field of Interest are Cloud, Web development. I have a basic understanding of cloud computing and web development, but I do not want to stop learning new things. I want to remain current in this IT industry.

EDUCATION

Charotar University of Science And Technology
B.Tech-IT (7.92 CGPA)

Anand, Gujarat
Oct 2020 - May 2024

TECHNICAL SKILLS

Languages : Python, C++, HTML, CSS, JavaScript
Cloud : AWS, Azure, GCP
Frameworks : React.js, Bootstrap
Tools : VS Code, GitHub
Database : Firebase

EXPERIENCE

Frontend Web Developer
Raven Techno Labs

May 2022 - June 2022
Remote

- * Learn about JavaScript and after that learned React.js also created an E-commerce website using React.js which is responsive and it is a single webpage application.

PROJECTS

CHAT APPLICATION ON EC2

REACT.JS, FIREBASE, AWS

[Source Code](#)

- * So, when a user comes to our chat app so he/she must register and then do login with email and password so that information would be store in firebase. Also, then user enters to homepage of our app then user must search the exact name of the person of whom he/she want to talk with. All the chat and images will be stored in firebase database. The chat app is deployed in AWS-EC2 windows server which would accessible from anywhere.

E-COMMERCE

REACT.JS

- * So, when a user arrives at our site, they will first be prompted to log in or sign up. Once they have done that, they will be taken to the homepage. The homepage includes a search bar and navigation bars to help users find what they are looking for. We have separate sections for men's fashion and women's fashion, as well as a section for popular products. Each section will display a selection of relevant products for users to browse and purchase. At the bottom of the page, we have included a contact form where users can submit their email address to get in touch with us.
